Academic Year Report Covers: 2022-23

Date Prepared: 4-26-23

List of dates the committee met: Formal meetings were held Sep 12, Oct 31, Dec 5, Feb 6, Apr 3, May 1. There were also informal, email-based conversations

List and briefly describe major accomplishments of the committee for the year:

- Support all other active committees by
 - reviewing the constitutional implications of their resolutions
 - offering suggestions to revise for clarity and compliance
- Established (?) the practice of having the Government Committee chair share future meeting dates with the Faculty Senate and the general faculty, providing those audiences with submission deadlines for timely review of resolutions
- Provide additional perspective and feedback on the system-level policy revisions

List any action items for future consideration (if applicable):

- I think that giving Senators and faculty deadlines for submitting resolutions to the Government is a useful practice and should be continued in the future

Discuss strengths and opportunities for improvement:

- The committee I got to work with was a great group and would recommend their continued service. Many of them are completing their terms, so that may not be possible, but I suggest that you at least maintain the members that you appointed (i.e., Chanelle and Richard) if they are willing
